

Seven County Metro Area Facilities for Lost & Found Animals

If you have lost a pet, contact your local police departments in your surrounding communities to file a lost pet report and to determine which facility your pet would be taken to by animal control officers.

Minnesota law requires animals be held only 5 days so it is important to act quickly to locate your missing pet. Most facilities require that you visit in person to look for your pet.

Anoka

Animal Control Services (White Bear Township)
